Kristina D. Robinson Awarded \$11,000 Counseling Fellowship From NBCC and Affiliates

Greensboro, NC—The NBCC Foundation, an affiliate of the National Board for Certified Counselors (NBCC), recently selected Kristina D. Robinson, of Greensboro, North Carolina, for the NBCC Minority Fellowship Program-Addictions Counselors (MFP-AC). As an NBCC MFP-AC fellow, Robinson will receive funding and training to support her education and facilitate her addictions counseling service to underserved minority transition-age youth (ages 16–25).

The NBCC MFP-AC is made possible by a grant awarded to NBCC by the Substance Abuse and Mental Health Services Administration (SAMHSA) in September 2014. The Foundation is contracted by NBCC to administer the NBCC MFP-AC, as well as training and collaboration activities, such as [webinars](#), that are open to all National Certified Counselors (NCCs). The goal of the program is to reduce health disparities and improve behavioral

health care outcomes for racially and ethnically diverse populations by increasing the available number of culturally competent behavioral health professionals.

The NBCC MFP will distribute up to \$11,000 to Robinson and the 30 other master's-level addictions counseling students selected to receive the fellowship award. Robinson is a graduate of North Carolina Agricultural and Technical State University, in Greensboro, North Carolina, and is currently a master's student in the clinical mental health counseling program at North Carolina Central University, in Durham. Upon graduation, Robinson intends to work with transition-age minority youth, specifically those who have engaged in prior transgressions. Her goals are to work with these individuals in an effort to promote long-term positive outcomes and to engage in efforts to reduce the rates of recidivism. This fellowship will afford her the opportunity to attend a variety of conferences, workshops and trainings that will enhance her knowledge regarding substance use and mental health issues that affect marginalized groups.

The NBCC Foundation has also awarded 23 \$20,000 [doctoral fellowships](#) through the Minority Fellowship Program and 30 \$8,000 master's-level fellowships through the [MFP-Youth](#) (MFP-Y). The Foundation plans to open the next NBCC Minority Fellowship Program application period in September 2017.
