Eshley Spitzer Awarded $11,000 Counseling Fellowship From NBCC and Affiliates

Colorado Springs, CO—The NBCC Foundation, an affiliate of the National Board for Certified Counselors (NBCC), recently selected Eshley Spitzer, of Denver, CO, for the NBCC Minority Fellowship Program-Addictions Counselors (MFP-AC). As an NBCC MFP-AC Fellow, Spitzer will receive funding and training to support her education and facilitate her addictions counseling service to underserved minority transition-age youth (ages 16–25).

The NBCC MFP-AC is made possible by a grant awarded to NBCC by the Substance Abuse and Mental Health Services Administration (SAMHSA) in September 2014. The Foundation is contracted by NBCC to administer the NBCC MFP-AC, as well as training and collaboration activities, such as webinars, that are open to all National Certified Counselors (NCCs). The goal of the program is to reduce health disparities and improve behavioral health care outcomes for racially and ethnically diverse populations by increasing the available number of culturally competent behavioral health professionals.

The NBCC MFP will distribute $11,000 to Spitzer and the other master’s-level addictions counseling students selected to receive the fellowship award. Spitzer is a graduate of Indiana University Bloomington and is currently a master's student in the clinical mental health counseling program at the University of Colorado Colorado Springs. Upon graduation, she plans to serve in the Jewish community or with young adults in underserved populations.

The Foundation plans to open the next NBCC MFP-AC application period in September 2015. To learn more about the NBCC MFP and its fellows, please visit www.nbccf.org.
