Mose Ervin Beaty Awarded \$11,000 Counseling Fellowship From NBCC and Affiliates

Wise, VA—The NBCC Foundation, an affiliate of the National Board for Certified Counselors (NBCC), recently selected Mose Ervin Beaty, of Wise, Virginia, for the NBCC Minority Fellowship Program-Addictions Counselors (MFP-AC). As an NBCC MFP-AC fellow, Beaty will receive funding and training to support his education and facilitate his addictions counseling service to underserved minority transition-age youth (ages 16–25).

The NBCC MFP-AC is made possible by a grant awarded to NBCC by the Substance Abuse and Mental Health Services Administration (SAMHSA) in September 2014. The Foundation is contracted by NBCC to administer the NBCC MFP-AC, as well as training and collaboration activities, such as [webinars](#), that are open to all National Certified Counselors (NCCs). The goal of the program is to reduce health disparities and improve behavioral health care outcomes for racially and ethnically diverse populations by

increasing the available number of culturally competent behavioral health professionals.

The NBCC MFP will distribute up to \$11,000 to Beaty and the 30 other master’s-level addictions counseling students selected to receive the fellowship award. Beaty is a graduate of Fisk University, in Nashville, Tennessee, and is currently a master’s student in the counseling and human development program at Lindsey Wilson College, in Columbia, Kentucky. This fellowship will allow Beaty to provide culturally-competent substance abuse counseling to transition-age youth (16-25). This group of individuals is often marginalized due to socioeconomic status and often must forgo treatment. Beaty also plans to work with individuals within Appalachia, as this region was hit hard by an industry downturn that resulted in a massive increase in opioid addiction. This fellowship will allow Beaty to attend various counseling conferences while also increasing his professional contacts with the ultimate goal of opening a mental health treatment facility.

The NBCC Foundation has also awarded 23 \$20,000 [doctoral fellowships](#) through the Minority Fellowship Program and 30 \$8,000 master’s-level fellowships through the [MFP-Youth](#) (MFP-Y). The Foundation plans to open the next NBCC Minority Fellowship Program application period in September 2017.
