Britney Newman Receives Military Scholarship From the NBCC Foundation

Warrensburg, MO—The NBCC Foundation, an affiliate of the National Board for Certified Counselors, Inc. (NBCC), recently awarded an \$8,000 NBCC Foundation military scholarship to Britney Newman, of Warrensburg, Missouri. The military scholarship is awarded to service members, veterans, and their spouses who are pursuing a counseling education and commit to serving fellow military personnel, veterans, and families upon graduation.

The mission of the NBCC Foundation is to leverage the power of counseling by strategically focusing resources for positive change. The military scholarship was created in 2009 to increase access to counselors for military personnel, veterans, and families suffering from a shortage of available mental health professionals. The NBCC Foundation awarded six \$8,000 [military scholarships](#) for the 2020–2021 award year.

As a military scholarship recipient, Newman will receive \$8,000 to support her counseling education and recognize her commitment to underserved communities. Newman is a graduate of the University of Maryland Global Campus, formerly the University of Maryland University College, and is currently a master's student in the clinical mental health counseling program at the University of Central Missouri. Upon graduation, Newman intends to work with military members and their families. She would like to be an approachable resource to support the military community, where mental health services are often stigmatized. Earning this scholarship will allow Newman to establish a stronger professional identity as a counselor, learn evidence-based practices to better serve underserved populations, and advocate for mental health wellness in her community.

The NBCC Foundation has also awarded six \$8,000 [rural scholarships](#) to increase the number of counselors serving rural areas. The Foundation plans to continue offering scholarships to increase the number of counselors in the areas where they are needed most and will open the next application period in spring 2021. Through the NBCC Foundation scholarship programs, over \$860,000 has been awarded to over 200 counseling students working to provide effective, culturally competent services to underserved populations.
